

Manage VAT from Shopping Cart through Compliance

For e-commerce sellers, the VAT/GST requirements of selling across borders can be complicated. Staying on top of the latest regulations, managing the required documents, filing returns and remitting payments – it can require staff and expertise you just don't have.

Taxamo Assure by Vertex provides a turnkey, end-to-end VAT solution for online sellers of digital services. Simply integrate Taxamo Assure with your existing checkout process, and Taxamo handles end-to-end tax management.

1

VAT Determination per Item

Once you integrate Taxamo Assure, we calculate VAT automatically in real time for each item at checkout.

2

Invoicing at Checkout

Taxamo issues a VAT-compliant invoice in real time and collects the VAT/GST for each transaction processed on the platform.

4

Reporting & Remittance

Taxamo manages all VAT/GST reporting and remittance.

3

Registration

Taxamo registers with the relevant taxing authorities.
